Dear Speaker Boehner, Minority Leader Pelosi, Majority Leader Cantor, and Minority Whip Hoyer:

The undersigned organizations, representing the residential and commercial real estate industries, strongly urge you to schedule S. 3245 (Leahy, D-VT; Grassley, R-IA), for consideration by the full House in early September when Congress returns from its August recess.. Approved by unanimous consent of the Senate on August 2, 2012, S.3245 reauthorizes the EB-5 regional center pilot program for an additional three years. The regional center program has brought much-needed investment, development, and job creation to the United States – all at no cost to American taxpayers. Unless the House acts quickly, authority for the regional centers will expire on September 30, 2012.

EB-5 Regional Centers allow investors to acquire visas by funding regional development centers approved by the U.S. Citizenship and Immigration Service. There are currently more than 200 regional centers in 45 states. These centers allow foreign investment capital to be easily distributed through communities to create American jobs. Many of the investment opportunities available through the centers have had a real estate component which has helped local communities to grow in ways that may not have been available otherwise. However the program, which began in 1992, will expire on September 30, 2012 unless reauthorized. This bill will ensure the program's availability for investors for three more years, bringing much-needed foreign investment and jobs to the still-recovering US economy.

With few legislative days left before the program expires, our organizations urge you to place this measure on the list of bills for early September consideration now in order to ensure that this important revenue-neutral tool continues to create jobs for American and stimulate investment in American businesses.
